### Rates for services – Rabbi Elizabeth Beyer – Year 2011

The following rates do not include travel reimbursement. For services that require travel outside of the Reno, NV area, some negotiated reimbursement will be applied over and above the service rate. Please note that if a person or group cannot afford to pay the standard rates, Rabbi Beyer will work with the person, family, or group to help control costs associated with providing services.

**Shabbat Services:** \$500 plus reimbursement for travel. Depending on the needs and the items supplied by the rabbi (such as prayer books), this charge can vary. The rabbi will quote a firm number after discussion with you on the parameters of the service.

Rabbi Beyer can also develop seminars and conferences based on your needs. Please contact her to discuss the options.
